

International Mounted Games Association Compliance Sub-Committee

Interim Update Report 01.06.2015 prepared by Keith Martin

There has been a very high level of activity in this sub-committee, with a lot of work done, and good progress being made.

Compliance of competitions with agreed criteria

COM-201415-001 (Organisation of an IMGA Sanctioned Competition Update)

1. Update of document :

Effectively this is chasing a constantly moving target. The scope of the document is being extended and modified.

In this quarter no new versions of the document have been published, but the Chief Referee's guide to how to construct games lists for championships has been published as a separate document. It will eventually be incorporated into the main document.

2. Development of new system for managing entries to the World Individuals and World Pairs Championships :

This is currently the main activity of the sub-committee. Over 200 e-mail messages have been exchanged on this subject since work began in April. That's over 5 messages per day, every day, but there is good and constant progress.

It is hoped that the first proposal for a new system will be available very soon, but there are still several important points to be discussed and agreed within the sub-committee.

3. Timing of the draw at World Individuals Championship :

This came up unexpectedly. With a record number of riders taking part in this year's World Individuals Championship, the timing of the draw has become a potential problem. The draw has to be done as late as possible to minimise the problems caused by drop-outs and/or no-shows, but there is considerable work to be done which can only be started after the draw is complete and has to be completed before the championship can start.

The sub-committee has made a proposal to this year's organisers, MGAGB, with a solution to this scheduling problem. No response has yet been received.

COM-201415-002 (Pre-Competition Inspections)

All inspections are scheduled and inspectors nominated and contacted.

So far there have been two inspections (David Broome Event Centre for the World Individuals Championship, and Equivallee-Cluny for the European Championship). The inspection reports have been sent to all International Representatives.

COM-201415-003 (Pre- and Post-Competition Reports)

No progress this quarter.

COM-201415-004 (Competition Assessment System)

No progress this quarter.

Compliance of members with membership criteria

COM-201415-005 (Membership Criteria Check Procedure)

No progress this quarter.

Members of the sub-committee :

Keith Martin (Chairman), Nikki Carter (Secretary), Iain Hopkins, Brian Kennedy, Jens Martin, Quentin Voeltzel.
