

## International Mounted Games Association Health, Safety and Risk Management Sub-Committee

---

### *Work Order Document*

Requested:	10/12/2014
Deadline:	30/09/2015 (final) 30/08/2015 (for executive officers)
Reference:	HSR-201415-002
Name:	Insurance Strategy

#### Requirements:

Insurance is a subject which has been discussed many times but as few people fully understand it, a real conclusion has never properly been reached. This has been complicated further by the fact that the situation can differ widely from country to country.

The subject needs to be fully researched and a policy document produced which can be presented to the 2015 IMGA AGM for approval.

Such a policy document should cover:

- Recommendations for the type of insurance and level of coverage that hosts of IMGA sanctioned competitions should hold
- Recommendations for the type of insurance and level of coverage that riders attending IMGA sanctioned competitions should hold
- Recommendations as to whether IMGA as an organisation itself should also carry any insurance
- Should any such recommendations be made mandatory?

The document itself should follow the same basic "look and feel" and layout of other official IMGA documents, all of which can be found at:

<http://www.mounted-games.org/imga/documentation/index.html>

The objective is to have a fully formulated and agreed document in place to put to the IMGA international representatives for approval at the next IMGA AGM in November 2015.

In order to achieve this, the sub committee should aim to present a first draft for comments to the IMGA executive officers well in advance of that date.

A completed document agreed by all members of the sub committee and the IMGA executive officers must be in place no later than 30<sup>th</sup> September 2015.

Completed Date:
