

International Mounted Games Association Training and Qualification Sub-Committee

Work Order Document

Requested:	10/12/2014
Deadline:	30/09/2015 (final) 30/08/2015 (for executive officers)
Reference:	TAQ-201415-001
Name:	Referee Training Processes and Procedures

Requirements:

A complete process and procedure document needs to be completed to cover all aspects of referee training, certification and assessment.

The document should include but not be limited to the following:

- Timing, geographical spread and frequency of courses
- Procedure for registration for courses
- Content of courses
- Course examinations
- Training of experienced referees to give courses
- Assessment and re-assessment of the on-going performance of referees (consequences for poorly performing referees?)
- Do we need background checks on referees because they work closely with young people?
- Training courses on-line ?
- Extension of all of the above to also cover assistant referees?

This needs to be a very detailed and (probably fairly lengthy) document covering not only the concepts but where applicable also step by step procedures which can be easily implemented.

The document itself should follow the same basic “look and feel” and layout of other official IMGA documents, all of which can be found at:

<http://www.mounted-games.org/imga/documentation/index.html>

The objective is to have a fully formulated and agreed document in place to put to the IMGA international representatives for approval at the next IMGA AGM in November 2015.

In order to achieve this, the sub-committee should aim to present a first draft for comments to the IMGA executive officers well in advance of that date.

A completed document agreed by all members of the sub committee and the IMGA executive officers must be in place no later than 30th September 2015.

In the event that this whole process can be completed well in advance of that date it may be possible to seek approval from the international representatives by e-mail instead.

Completed Date:
