

International Mounted Games Association Technology and Social Media Sub-Committee

Work Order Document

Requested:	10/12/2014
Deadline:	31/08/2015
Reference:	TSM-201415-006
Name:	Remote Meeting Participation

Requirements:

In 2013 IMGA first experimented with the possibility of having members attend Annual General Meetings remotely via Skype. Despite its limitations this was relatively successful and was repeated in 2014 with less favourable results.

If this is to become a regular option for attending meetings we need to become much better at managing the process. Proper microphones for all participants, multiple viewing screens, virtual whiteboards, high quality video images, etc. Perhaps we need to be more selective in selecting locations for the meetings in order to be able to use proper video conferencing suites around the world.

It is the job of this sub-committee to investigate the different options and assess these against the relative costs with a view to implementing a robust solution for the 2015 IMGA AGM in Ireland.
